Re: GE-Pittsfield/Housatonic River Site: Rest of River, Schedule for Submission of Revised Corrective Measures Study Report

Dear Mr. Silfer:

EPA has reviewed GE's letter of June 18, 2010 proposing a schedule for the upcoming submittal by the General Electric Company ("GE") of Revised Corrective Measures Study ("CMS") Report for the GE-Pittsfield/Housatonic River Site.

GE shall, as proposed in its June 18th letter, submit to EPA the Revised CMS Report by October 12, 2010. In this report, to be submitted in accordance with the provisions of the Consent Decree and RCRA Corrective Action Permit, GE shall address, among other things, EPA's September 9, 2008 comments on GE's March 2008 Corrective Measures Study Report, and EPA's January 15, 2010 letter approving, with conditions, GE's Work Plan for Evaluation of Additional Remedial Alternatives, except as modified by the June 10, 2010 Final Decision by James T. Owens, III regarding the items subject to the Dispute Resolution. Please contact me if you have any questions in this regard.

Sincerely,

Susan C. Svirsky, Project Manager
Rest of River
